Cllr Williams asked if this had been swept. No members had travelled this route recently so were not sure.

DT 30/15 Information

a) Pavement – Troed y Rhiw

The Highways Department had passed this on the PCC LE and Cty Cllr Williams had responded saying he was on top of the situation. Members reported that still nothing had been done.

b) Bus Shelter – Howey

Cllr Deakin had received complaints from residents that the tarpaulin on the roof of the bus shelter opposite the village is coming off.

Resolved: Clerk to report this to Trunk Road Agency.

c) Damaged Wall

Cllr Deakin had been approached by residents of Millview Close stating that the damaged wall had not been repaired. This is a matter for PCC and the Housing Association.

d) Salt Bin – Caerwnon Park

Cllr Richardson pointed out that the new salt bin at the top of the lane had been stolen. This is for information only.

e) Lamp Post CP04

Cllr Morgan reported that this lamp post in Cwmbach is no longer lit. The Clerk will contact PCC Lighting to request this be turned on.

f) New Road Verge

Cllr Morgan mentioned that the verge is breaking up along New Road, it commences from just above the entrance of Bryn Derwen up the bank(north), the ditches also need attention as there is always water running across the road. Unfortunately it has become much worse due to vehicles having to pull off to the side when meeting an oncoming vehicle. The road has been used more frequently since the new A470 was completed as a shortcut.
