Correspondence

a) Powys County Council – Electronic Planning Applications

Email informing members that PCC will cease to send paper copies of planning applications from 1st January 2016.

Members felt this was totally unacceptable as one third of the Community Council does not have internet access, and the meeting rooms used by the Council do not have wifi access. Members felt that paper copies were essential to enable members to make informed decisions on applications.

Resolved: to write to PCC objecting to the proposals for the above reasons.
